

PISTOL RACK INSTALLATION

Position the pistol rack on the back edge of the shelf and mark the hole locations on the shelf. Remove the rack. Place the shelf on a sturdy surface and drill a 3/32" diameter x 0.5" deep hole at each mark. Assemble the rack with included screws. Install the shelf inside the safe per the instructions. Hang the pistols below the shelf as shown.

SHELF DIVIDER INSTALLATION

Remove the shelf from the safe if it has been installed. Slide the steel divider over the end of the shelf and mark the mounting hole locations on the bottom of the shelf. Remove the divider. Place the shelf on a sturdy surface and drill a 3/32" diameter x 0.5" deep hole at each mark. Repeat these steps for the second divider. Fasten the dividers to the shelf with the included screws. Install the shelf inside the safe per the instructions.
